CC Communications is a specialist Education IT supplier with longstanding customer relationships with Local Authorities, CLC's, High Schools and Primary Schools. We pride ourselves on outstanding quality of service & support and as a result many of our customers have been with us for over 10 years.

Our unique combination of skills, resources and experience enables us to provide a full range of ICT services including single laptop purchases, network solution, AV solutions, Radio Studios, Full ISP content management systems, on line backup service, support contracts and refurbished cost effective hardware. We understand school budget constraints and as a result will work with you to get best value out of your IT budget.

All our team hold full CRB disclosures.

CC Communications are pleased to introduce their latest team member.

Jan Bibby joins us to offer training, support and educational expertise to all our customers.

Jan has worked in Education and ICT for a number of years as a Primary Teacher, Secondary teacher and has also worked in Further Education as both an IT lecturer and as a Director of ICT developments within a College in the North West.

Jan's experience is wide reaching having worked for the University for Industry developing and managing an e-learning hub and 40 learndirect training centres across Merseyside. One area of expertise is Vocational Learning and she was delighted to be chosen by the British Council to study in depth, education systems in Cuba

Recent work has included being a Director of two City Learning Centres in Liverpool as well as consultancy work for BECTA. Jan has also worked as an Ofsted Inspector for Information Technology and has recently completed an online Masters Degree in Information Systems and Project Management at Liverpool University.

Jan is happy to visit your schools with CC to help offer the best possible IT solutions any company can offer the Education Sector. If you are interested in a free consultation then ring or email :-
