CC Communications is a specialist Education IT supplier with longstanding customer relationships with Local Authorities, CLC's, High Schools and Primary Schools. We pride ourselves on outstanding quality of service & support and as a result many of our customers have been with us for over 10 years.

Our unique combination of skills, resources and experience enables us to provide a full range of ICT services including single laptop purchases, network solution, AV solutions, Radio Studios, Full ISP content management systems, on line backup service, support contracts and refurbished cost effective hardware. We understand school budget constraints and as a result will work with you to get the most value out of your IT budget.

All our team hold full CRB disclosures

## Refurbished IT hardware

CC Communications supply refurbished I T hardware (File Servers, PCs, laptops, switches, projectors, Interactive Whiteboards) at low prices for the education and private sector. All the equipment has been rigorously tested & reformatted with all existing data being overwritten using secure data wiping algorithms. If you would like us to quote you on purchasing some of your old IT hardware or are interested in any of our refurbished equipment, please contact [enquiries@cc-communications.co.uk](mailto:enquiries@cc-communications.co.uk)

## Recycling of IT equipment

In all organisations we now have a legally binding obligation to ensure best practice when disposing of redundant IT equipment. The EU Directive refers to this as BATTRT – The Best Available Treatment, Recovery and Recycling Techniques.

**Our standard service for both the collection and processing of IT WEEE at our offices is free of charge.**
